Subject: Response to FCC orders on Sandwich Isles Communications,  
WC Docket no. 10-90

Aloha FCC Commissioners,

We need your help. Service to Homesteaders who rely upon phone and Internet service from Sandwich Isles Communications (SIC) is in jeopardy because of the Federal Communications Commission's misguided decision to punish SIC for differences in its classification of lines.

Instead of taking a punitive approach, the FCC should consider the evidence that show that SIC followed the advice of its consultants who used industry standards in its classification and accounting practices.

This is an important decision for those on Hawaiian Home Lands and the entire Hawaiian community. Please do the right thing.

Mahalo,
